

## CHAIRMAN'S REPORT 1990/91

The past year has been of special note in two respects firstly on a personal level in the death of Ron Hawkes. He had provided much of the motive power behind the Trust's creation 5 years ago and had a very real care for Thorncombe in every respect; his wisdom and knowledge will be much missed. As you already know his family have made a donation to the Trust and this has been used to create the memorial planting of lime trees in the Churchyard. A tablet has been installed and will be the scene of a short ceremony in the near future.
